- Help with the production and participate in the 31st Planetary Dance in Northern California led by Anna Halprin.
- Have the opportunity to gain certification as a Planetary Dance Leader.
- Be part of the global event that will be the 2011 Planetary Dance Weekend, June 10-12. (It was performed in over 45 US and international locations in 2010.)
- Enjoy support and access within the growing international Community of Planetary Dancers.

Help us circle the earth with, in Anna Halprin's words:

A dance with a purpose to transcend cultural and temporal barriers, a dance that speaks to the community that makes it, and a dance that addresses today's urgent issues as they are experienced by all people on this planet.

By dancing this ritual together we strive to create a unified voice — strong, determined and joyous enough for our prayers to be heard and have a positive effect in the face of the world's uncertainties.
